A short summary of the event

The Fifth International Symposium on the Poetics of Science Fiction at Tel-Aviv University

In/Out: Forms of Space in Science Fiction

18-19 March 2018

For the fifth time, the international symposium of the Poetics of Science Fiction took place at the university, organized by the students and faculty of the department of English and American Studies with the generous support of the School of Cultural Studies. The symposium was a standing success. For the first time, we had an internationally renowned keynote speaker: Prof. Susan Surdell of Royal Holloway University of London, who is both a world-class scholar of science fiction and an inspiring teacher. The three-day symposium featured a variety of international speakers from as far away as Australia, New Zealand, the US, and Belgium, who offered a diverse range of topics from the meaning of humanity to the future of space exploration.
